

The age divide

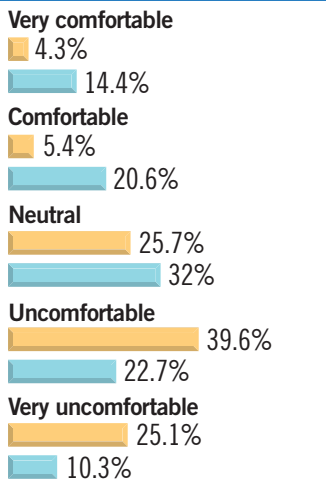

YouthInk survey on attitudes to homosexuality

Secondary JC & tertiary institutions TOTAL RESPONDENTS: 284 (aged 12 to 25)

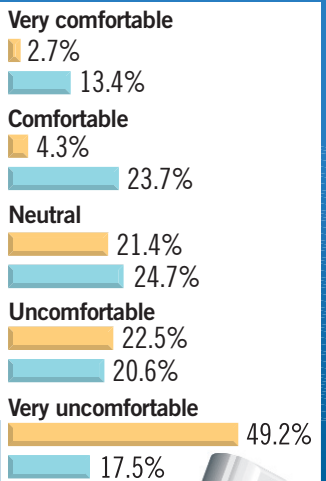

NOTE: Below are responses to some of the questions taken from the survey. Percentages may not add up to 100 due to rounding off.

GENERAL ATTITUDES

You see two male teenagers holding hands and looking intimate. You feel:

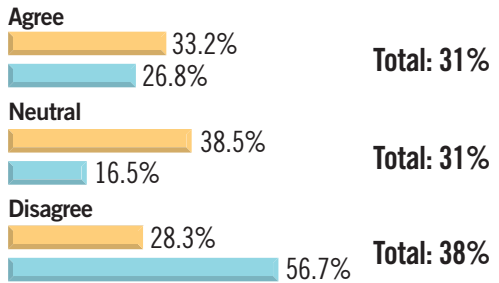

You find out that a family member is gay. You feel:

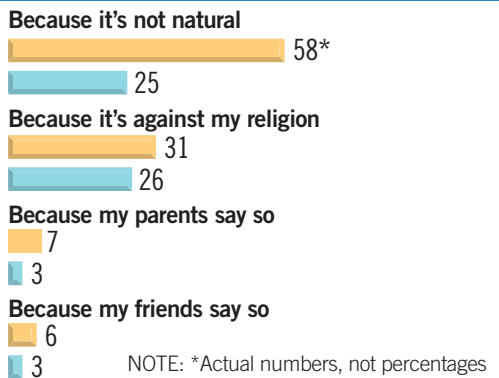

OPINIONS

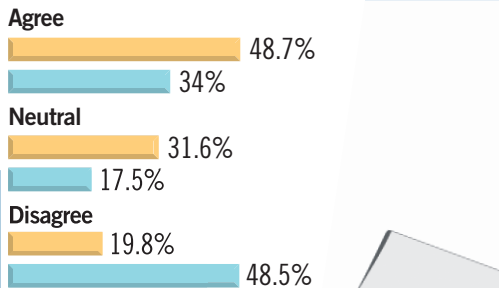

Homosexuality is wrong.

If you circled "agree" for the last question: why do you think homosexuality is wrong? (you can circle more than one)

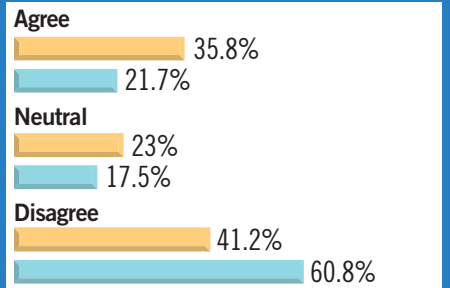

We should not legalise gay sex.

BELIEF IN MISCONCEPTIONS

Homosexuals are largely responsible for the transmission of HIV, and if we allow gay sex to be legalised, there will be more HIV infections.

Homosexuals are largely responsible for paedophilia (unlawful sex between an adult of any gender and a young child of any gender), and if we allow gay sex to be legalised, there will be more paedophile cases.
